## Wedding Questionnaire

Thank You for taking the time to complete the questionnaire as accurately as possible! Providing us as much insight as possible into your Wedding Day will be well worth it! Your day will flow smoother and we'll be able to capture great photographs along the way. This is a *preparation guide only* to help collect the information for the online questionnaire located at

[NewEnglandWeddings.Photography/Wedding-Questionnaire](http://NewEnglandWeddings.Photography/Wedding-Questionnaire)

- What address should we arrive at first? (where is the bride getting ready) Please give actual address for GPS purposes.
- Please List Addresses to the ceremony and reception locations:
- What time have we decided that we should start shooting?
- What time will we be ending our coverage?
- Will you be doing any type of "Exit" from your reception? If so, what time will this take place?
- Names of the Maid of Honor and Best Man:

# *Wedding* Timeline & Details

Can you provide us with a rough timeline of the wedding day? If we haven't already discussed this in detail, now is the time! We would love to help you create a timeline that will allow for plenty of beautiful portraits and a stress-free day! If you're sharing a "First Look", we will need to start shooting bridal details at least 2.5 hours before the ceremony. 3 hours is recommended if there is no extensive travel time to the ceremony venue.

How many Bridesmaids? (including MOH)

How many Groomsmen? (including the Best Man)

What are your colors? This will help us prepare to shoot your details!

Are you planning a Honeymoon vacation? If so, where?

How many guests are you planning on having at your wedding?

# *Wedding* Vendor Information

This information is needed if your wedding is submitted for publication (magazines or blogs). When submitting to any publication, they will need all of your vendor information. Please complete whatever information applies to your wedding!

Please list any other vendors that were a part of your big day!

# *Family* FORMAL PORTRAITS

Family formals do not have to take over 20 minutes. However, this is only possible if we are organized beforehand! Please list ten different groupings for family photos. For example:

1. Bride and groom with parents.
2. Bride and Groom with grandparents.
3. Bride and Groom with siblings.

With-in these groupings, you can have more than one shot (ex. B&G with Grooms parents, B&G with Brides Parents, etc.) If you have a very large family and more than 10 group photos, we suggest saving some of the extended family shots until the reception so that family portrait time will not interfere with your romantic portraits and you will not keep your guests waiting at the reception. Please list 10 Family Groupings for Family Portraits:

Are there any divorces, separations or family situations that we should be aware of during family formals?

Are there any rules or regulations for photographers at your ceremony location?

Is there anything we should be aware of on the wedding day? Surprises? Gifts? Etc?

Are there any additional photographs not included on our standard shot list you would like to request?

Is there anything else you would like to add? Special Requests?
